Re: Rescission of Licensing Qualification Rule, R 436.1133

Dear Chairman Deloney:

Clark Hill PLC is legal counsel to the 7-Eleven, Inc. ("7-Eleven"). By this letter, please know that 7-Eleven fully and completely supports the Michigan Liquor Control Commission's ("MLCC") proposed rescission of R 436.1133 (the "½ Mile Rule"). I plan to attend and speak at the public hearing on September 6, 2017 in support of this move.

7-Eleven has long demonstrated a firm commitment to the State of Michigan and the local communities it serves, through numerous 7-Eleven convenience stores, employment of community members and franchise opportunities. 7-Eleven stores have traditionally offered beer, wine and, whenever possible, spirits for sale in a responsible manner. Some are unable to sell spirits due to the ½ Mile Rule. 7-Eleven believes that rescinding the rule will level the playing field for all businesses while continuing to limit the availability of spirits through the quota system.

Thank you in advance for your efforts to create a welcoming and competitive community for all Michigan businesses and your continued courtesy and professionalism with respect to this and other matters.

As part of its offerings, 7-Eleven stores have traditionally offered beer, wine, and whenever possible, spirits for sale in a responsible manner. My store does not currently sell spirits. I believe that rescinding the ½ Mile Rule will create a more competitive business environment by leveling the playing field for all businesses, while continuing to limit the availability of spirits through the quota system.

I own and operate a franchised 7-Eleven store. By this letter, please know that I fully and completely support the Michigan Liquor Control Commission's ("MLCC") proposed rescission of R 436.1133 (the "½ Mile Rule").

7-Eleven stores provide go-to-convenience for its customers for food, snacks, and hot and cold beverages. As part of its offerings, 7-Eleven stores have traditionally offered beer, wine, and whenever possible, spirits for sale in a responsible manner. My store does not currently sell spirits. I believe that rescinding the ½ Mile Rule will create a more competitive business environment by leveling the playing field for all businesses, while continuing to limit the availability of spirits through the quota system.

Thank you in advance for your efforts to create a welcoming and competitive community for all Michigan businesses.

Sincerely,

Don Kristman

Re: Rescission of Licensing Qualification Rule, R 436.1133

Dear Chairman Deloney,

Clark Hill PLC is legal counsel to the Kroger Co. of Michigan ("Kroger"). By this letter, please know that Kroger fully and completely supports the Michigan Liquor Control Commission's ("MLCC") proposed rescission of R 436.1133 (the "½ Mile Rule"). In furtherance of Kroger's support of the MLCC's proposed rescission of the ½ mile Rule, I will also plan to attend and speak at the public hearing on September 6, 2017.

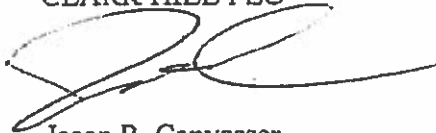

Kroger has long demonstrated a firm commitment to the State of Michigan and the local communities it serves, through its operation of 125 stores, employment of over 19,000 workers, and sponsorship and involvement in innumerable charitable organizations. Kroger has long been a staple of many communities; providing grocery, pharmaceutical, and fuel services to local residents. As a one-stop-shop for all of its customers' needs, Kroger has traditionally offered beer, wine and whenever possible, spirits for sale in a responsible manner. However, many of Kroger's stores are unable to sell spirits due to the ½ Mile Rule; often, to the advantage of one of Kroger's competitors. Kroger lauds the MLCC's proposal to rescind the ½ Mile Rule and believes that doing so will level the playing field for all businesses while continuing to limit the availability of spirits through the quota system.

Thank you in advance for your efforts to create a welcoming and competitive community for all Michigan businesses and your continued courtesy and professionalism with respect to this and other matters.

Re: Rescission of Licensing Qualification Rule, R 436.1133

Dear Chairman Deloney,

Clark Hill PLC is legal counsel to Woodward Detroit CVS, L.L.C. ("CVS"). By this letter, please know that CVS fully and completely supports the Michigan Liquor Control Commission's ("MLCC") proposed rescission of R 436.1133 (the "½ Mile Rule"). In furtherance of CVS's support of the MLCC's proposed rescission of the ½ Mile Rule, I will also plan to attend and speak at the public hearing on September 6, 2017.

CVS has long demonstrated a firm commitment to the State of Michigan and the local communities it serves through its 246 Michigan stores and employment of thousands of community members. CVS is best known as an industry leading seller of prescription and over-the-counter drugs, but also carries a wide assortment of general merchandise, such as beauty products, cosmetics, seasonal merchandise, greeting cards, convenience foods, beer and wine, and whenever possible, spirits for sale in a responsible manner. However, many of CVS's stores are unable to sell spirits due to the ½ Mile Rule; often, to the advantage of one or more of CVS's competitors. CVS applauds the MLCC's proposed rescission of the ½ Mile Rule and believes that doing so will level the playing field for all businesses, while continuing to limit the availability of spirits through the quota system.

Thank you in advance for your efforts to create a welcoming and competitive community for all Michigan businesses and your continued courtesy and professionalism with respect to this and other matters.

Very Truly Yours,

CLARK HILL PLC
